Change in location and hours for COVID-19 testing and vaccination sites

Lamont McClure, the Northampton County DCED, Emergency Management Services and Lehigh Valley Hospital-Coordinated Health Allentown Hospital (LVH-CHA) announce that the drive-through testing/vaccination site located at Coordinated Health 3100 Emrick Blvd., Bethlehem Township, will close after Friday, October 14th.

“Beginning on October 17th, vaccines and boosters will be available by appointment only for those 6 months and older at the LVH-Hecktown Oaks Hospital Campus, 3780 Hecktown Road, Easton, PA between 10AM and 6PM on the 2nd and 4th Thursdays of each month.

To schedule an appointment call the hotline 833-584-6283. The hotline is open Monday-Friday from 8:30AM-5:30PM.

Walk-in COVID-19 testing is available at:

Palmer Township Express Care
3701 Corriere Road, Suite 14
Easton, PA 18045
Monday – Friday: 8AM – 8PM
Saturday – Sunday: 8AM – 8PM

Coordinated Health Care on Demand
2300 Highland Avenue
Bethlehem, PA 18020
Monday – Friday: 8AM – 8PM
Saturday – Sunday: 8AM – 5PM

A Physician’s order is not required for a COVID-19 test. The testing sites are open to everyone, but only residents of Northampton County will have the cost covered by the County if they do

not have health coverage. All testing will be through Health Network Lab Medicine unless insurance requires an alternate laboratory. Participants should bring a photo ID and their insurance card, if they have one, with them to the testing site.

“While the chaos of the early days of COVID are hopefully behind us, the virus is still causing illness in our communities,” says Lamont McClure. “I want to thank our partners at LVH-CHA for their continued dedication to making these services available to Northampton County residents.”

The walk-in testing centers and vaccination clinic are a collaboration between the Northampton County Department of Community and Economic Development, Emergency Management Services and LVH-CHA.
