

Upper Nazareth Township, Northampton County Annex

Hazard Mitigation Plan Points-of-Contact

Primary:

Lisa Klem
Township Manager
100 Newport Avenue, Nazareth, PA 18064
610-759-5341 (*cell: 484-894-0944*)
manager@uppernazarethtownship.org

Alternate:

Mike Rinker
Emergency Management Coordinator
100 Newport Avenue, Nazareth, PA 18064
610-972-7518
rinknc38@rcn.com

Municipal Profile

Upper Nazareth is a suburban township located in the center of Northampton County. It encompasses an area of 7.35 square miles, and has an approximate population of 6,231 (2010 Census). The township is bordered by Stockertown Borough to the east; Palmer Township to the southeast; Lower Nazareth Township to the south; Bath Borough and East Allen Township to the west; and Moore and Bushkill Townships to the north.

Upper Nazareth Township is in the Delaware River watershed and is drained by the Lehigh River tributary of the Monocacy Creek, and by the Bushkill Creek.

Route 191 runs through the part of the township that lies northeast of Nazareth, where most of the township's population is centered. Route 248/the Bath Pike provides the primary east-west corridor in the western part of the township, providing access east and southeast through Nazareth Borough, and also points west and northwest. Route 946 bisects the township, providing the major north-south corridor and connecting with Route 191 south of the township.

Municipal Participation

1. Identify municipal stakeholders to be involved in the planning process such as, floodplain administrator, public works, emergency management, engineers, planners, etc., and include their specific role in the process.

Lisa Klem, Township Manager

Role: Primary Point-of-Contact / Finance Contact

Mike Rinker, Emergency Management Coordinator

Role: Alternate / Secondary Point-of-Contact

Bill Cope, Chief of Police

Role:

Al Kortze / Sean Dooley, Township Engineer (Keystone Consulting Engineers)

Role:

Jeff Fassl, Fire Chief

Role:

Shawn Shupe, Public Works Director

Role:

John Soloe, Zoning Officer / Floodplain Administrator

Role:

2. Identify community stakeholders such as; neighborhood groups, religious groups, major employers / businesses, etc., that will be informed and / or involved in the planning process and describe how they will be involved.

Nazareth Area School District – potential shelter

Local churches – potential shelter

Martin Guitar

Gracedale / Northampton County 911 Center

Daycares

3. Describe how the public **will be engaged** in the current planning process examples, newsletters, social media, etc., **and how they were engaged** since the 2013 Hazard Mitigation Plan.

Bi-annual township newsletter

Northampton County website

Compliance with the National Flood Insurance Program (NFIP)

Topic	Identify source of information, if different from the one listed.	Additional Comments
1. Staff Resources		
Is the Community Floodplain Administrator (FPA) or NFIP Coordinator certified?	Community FPA	Yes
Is floodplain management an auxiliary function?	Community FPA	Yes
Provide an explanation of NFIP administration services (e.g., permit review, GGIS, education or outreach, inspections, engineering capability)	Community FPA	All handled through the permit process (Zoning Officer is our Floodplain Administrator)
What are the barriers to running an effective NFIP program in the community, if any?	Community FPA	Resistance of residents to purchasing floodplain insurance; need more education / outreach to floodplain residents.
2. Compliance History		
Is the community in good standing with the NFIP?	State NFIP Coordinator, FEMA NFIP Specialist, or community records	Yes
Are there any outstanding compliance issues (i.e., current violations)?		No
When was the most recent Community Assistance Visits (CAV) or Community Assistance Contact (CAC)?		Never
Is a CAV or CAC scheduled or needed?		No
3. Regulation		
When did the community enter the NFIP?	NFIP Community Status Book	Estimated early / mid – 1970's
Are the Flood Insurance Rate Maps (FIRMs) digital or paper? How are residents assisted with mapping?	Community FPA	Digital – provided to residents by request
Do floodplain regulations meet or exceed FEMA or State minimum requirements? If so, in what ways?	Community FPA	Exceed – with engineering reviews and UCC requirement
Describe the permitting process	Community FPA, State, FEMA NFIP	See Township's building/zoning permit process
4. Insurance Summary		
How many NFIP policies are in the community? What is the total premium and coverage?	State NFIP Coordinator or FEMA NFIP Specialist	Unknown
How many claims have been paid in the community? What is the total amount of paid claims? How many substantial damage claims have there been?	FEMA NFIP or Insurance Specialist	None
How many structures are exposed to flood risk within the community?	Community FPA or GIS Analyst	Unknown – too broad of a question
Describe any areas of flood risk with limited NFIP policy coverage	Community FPA or FEMA Insurance Specialist	Most of Liberty Street (in Upper Nazareth Township and Nazareth Borough)

Compliance with the National Flood Insurance Program (NFIP) – *continued*

Topic	Identify source of information, if different from the one listed.	Additional Comments
5. Community Rating System (CRS)		
Does the community participate in CRS?	Community FPA, State, or FEMA NFIP	No
If so, what is the community's CRS Class Ranking?	Flood Insurance Manual (http://www.fema.gov/floodinsurancemanual.gov)	N/A
What categories and activities provide CRS points and how can the Class be improved?		N/A
Does the plan include CRS planning requirements?	Community FPA, FEMA CRS Coordinator, or ISO representative	N/A

Community Assets

Community assets are defined to include anything that is important to the character as well as the function of a community, and can be described in four categories, they are; people, economy, natural environment and built environment. Please identify the community assets and location under each category.

1. People

- Concentrations of vulnerable populations such as the elderly, physically or mentally disabled, non-English speaking, and the medically or chemically dependent.

Gracedale Nursing Home
Heritage Village of Moravian Hall Square/Morningstar Manor (future development)
Nazareth Area School District (Intermediate, Middle and High Schools)

- Types of visiting populations where large numbers of people are concentrated such as visitors for special events and students.

Tuskes Park
Nazareth Area School District Football Stadium (Andrew Leh)
Clipper Field, for football games (Sundays)

2. Economy

Major employers, primary economic sectors such as agriculture and commercial centers where losses would have a severe impact on the community.

Martin Guitar	Prime Conduit
Nazareth Area School District	Northampton County (Gracedale campus)
Lehigh Hanson / Heidelberg Cement	Exigo

Community Assets – continued

3. Natural Environment

Those areas / features that can provide protective functions that reduce the magnitude of hazard events such as, wetlands or riparian areas, and other environmental features important to protect.

Creekside Park, behind Daniels Road Garage
 Penn Allen to 946 is all wetlands
 Schoeneck Creek riparian area, south of Beil Avenue

4. Built Environment

- Existing structures such as, concentrations of buildings that may be more vulnerable to hazards based on location, age, construction type and / or condition of use.

Nazareth Area School District Middle School and High School Campus

- Infrastructure systems such as water and wastewater facilities, power utilities, transportation systems, communication systems, energy pipelines and storage.

Penn East Pipeline (future)	PA American Water
Met-Ed Substation	Railroad tracks (Norfolk Southern)
Nazareth Borough Municipal Authority, partially in Upper Nazareth Township	

- High potential loss facilities such as, dams, locations that house hazardous materials, military and / or civilian defense installations.

Martin Guitar	Fogel's Fuel
Highway Materials	Nazareth Area School District
East Lawn Supply	

- Critical facilities such as, hospitals, medical facilities, police and fires stations, emergency operations centers, shelters, schools and airports / heliports.

Gracedale – Nursing home	Forensics Center
911 Center	Emergency Operations Center (EOC)

- Cultural / historical resources such as, museums, parks, stadiums, etc.

Indian Tower
 Schoeneck Moravian Church
 Tuskes Park

Capability Assessment

Capability	✓ Regulatory ✓ Tools ✓ Programs	Status			Department / Agency Responsible	Effect on Hazard Loss Reduction: -Supports -Neutral -Hinders	Change since 2013 Plan? + Positive - Negative	Has the 2013 Plan been integrated into the Regulatory Tool/Program ? 	StormReady Certification		X				
	Natural disaster or safety-related school programs		X				
	Ongoing public education or information programs such as, responsible water use, fire safety, household preparedness, and environmental education.	X		Multiple (Administration, Police, Fire, Department, etc.)	Increased communications / education in township newsletter	Greater focus on hazard-related information	
	Public-private partnership initiatives addressing disaster related issues.		X				
	Local citizen groups or non-profit organizations focused on environmental protection, emergency preparedness, access and functional needs populations, etc.		X				
	Other		X				

Capability		Degree of Capability			Change since the 2013 Hazard Mitigation Plan? If so, how?	Additional Comments
		Limited	Moderate	High		
5. Self – Assessment	Planning and Regulatory		X		N/A	
	Administrative and Technical		X		Increase since 2013 due to hiring of a township manager	
	Financial		X		Increase since 2013	Township is in better financial condition then 2013.
	Education and Outreach		X		N/A	

Known or Anticipated Future Development / Redevelopment

Development / Property Name	Type of Development	Number of Structures	Location	Known Hazard Zone	Description / Status
Heritage Village	Senior Living	143 Units	W. Beil Avenue	Wetland	Under Construction (Phase 1 of 6)
Kay Scenic View Estates	Single Family / Residential	34	North of City View Drive (extended)	No	Under Construction

Natural & Non-Natural Event History Specific to Upper Nazareth Township

Type of Event and Date(s)	FEMA Disaster # (if applicable)	Local Damage(s) or Loss(es)
Winter Storm Jonas - 1/22/2016 – 1/24/2016	DR-4207-PA	Extreme snowfall, damaged plow trucks and cars.
Pennsylvania COVID-19 Pandemic – 1/2020	DR-4506-PA	Emergency protective measures to combat COVID-19 Pandemic.
Remnants of Hurricane Ida	DR-4618-PA	Assistance to eligible individuals and families affected by this disaster.

2013 Municipal Action Plan Status

Existing Mitigation Action (from 2013 Hazard Mitigation Plan)		Status					Additional Comments
		No Progress / Unknown	In Progress	Continuous	Completed	Discontinued	
1	Retrofit structures located in hazard-prone areas to protect structures from future damage, with repetitive loss and severe repetitive loss properties as priority. Phase 1: Identify appropriate candidates for retrofitting based on cost-effectiveness versus relocation. Phase 2: Where retrofitting is determined to be a viable option, work with property owners toward implementation of that action based on available funding from FEMA and local match availability.			X			
2	Purchase, or relocate structures located in hazard-prone areas to protect structures from future damage, with repetitive loss and severe repetitive loss properties as priority. Phase 1: Identify appropriate candidates for relocation based on cost-effectiveness versus retrofitting. Phase 2: Where relocation is determined to be a viable option, work with property owners toward implementation of that action based on available funding from FEMA and local match availability.			X			
3	Maintain compliance with and good-standing in the NFIP including adoption and enforcement of floodplain management requirements (e.g. regulating all new and substantially improved construction in Special Hazard Flood Areas), floodplain identification and mapping, and flood insurance outreach to the community. Further, continue to meet and/or exceed the minimum NFIP standards and criteria through the following NFIP-related continued compliance actions identified below.			X			

2013 Municipal Action Plan Status – continued

Existing Mitigation Action (from 2013 Hazard Mitigation Plan)		Status					Additional Comments
		No Progress / Unknown	In Progress	Continuous	Completed	Discontinued	
4	Conduct and facilitate community and public education and outreach for residents and businesses to include, but not be limited to, the following to promote and effect natural hazard risk reduction: - Provide and maintain links to the HMP website, and regularly post notices on the County/municipal homepage(s) referencing the HMP webpages. - Prepare and distribute informational letters to flood vulnerable property owners and neighborhood associations, explaining the availability of mitigation grant funding to mitigate their properties, and instructing them on how they can learn more and implement mitigation. - Use email notification systems and newsletters to better educate the public on flood insurance, the availability of mitigation grant funding, and personal natural hazard risk reduction measures. - Work with neighborhood associations, civic and business groups to disseminate information on flood insurance and the availability of mitigation grant funding.			X			
5	Begin the process to adopt higher regulatory standards to manage flood risk (i.e. increased freeboard, cumulative substantial damage/improvements).				X		Action carried through to the 2018 Action Plan.
6	Determine if a Community Assistance Visit (CAV) or Community Assistance Contact (CAC) is needed, and schedule if needed.	X					
7	Have designated NFIP Floodplain Administrator (FPA) become a Certified Floodplain Manager through the ASFPM, and pursue relevant continuing education training such as FEMA Benefit-Cost Analysis.	X					
8	Participate in the Community Rating System (CRS) to further manage flood risk and reduce flood insurance premiums for NFIP policyholders. This shall start with the submission to FEMA-DHS of a Letter of Intent to join CRS, followed by the completion & submission of an application to the program once the community's current compliance with the NFIP is established.	X					
9	Archive elevation certificates	X					
10	Continue to support the implementation, monitoring, maintenance, and updating of this Plan, as defined in Section 7.0			X			

2013 Municipal Action Plan Status – continued

Existing Mitigation Action (from 2013 Hazard Mitigation Plan)		Status					Additional Comments
		No Progress / Unknown	In Progress	Continuous	Completed	Discontinued	
11	Complete the ongoing updates of the Comprehensive Emergency Management Plans			X	X		Adopted updated Emergency Operations Plan in November of 2017. Added X to Completed because EOP adopted; kept X in Continuous because action is also ongoing and carried through to the 2018 Action Plan.
12	Create/enhance/ maintain mutual aid agreements with neighboring communities for continuity of operations.			X			
13	Identify and develop agreements with entities that can provide support with FEMA/PEMA paperwork after disasters; qualified damage assessment personnel – Improve post-disaster capabilities – damage assessment; FEMA/PEMA paperwork compilation, submissions, recordkeeping			X			
14	Work with regional agencies (i.e. County and PEMA) to help develop damage assessment capabilities at the local level through such things as training programs, certification of qualified individuals (e.g. code officials, floodplain managers, engineers).			X			

Notes:

1. Actions not carried through to the 2018 Action Plan are so noted.
2. To maintain National Flood Insurance Program (NFIP) compliance, actions related to the NFIP were carried through to the 2018 Action Plan even if identified by the municipality as completed.

Notes:

Estimated Costs:

- Where actual project costs have been reasonable estimated: Low = < \$10,000; Medium = \$10,000 to \$100,000; High = > \$100,000;
- Where actual project costs cannot reasonably be established at this time:
 - Low** = Possible to fund under existing budget. Project is part of, or can be part of an existing on-going program.
 - Medium** = Could budget for under existing work plan, but would require a reapportionment of the budget or a budget amendment, or the cost of the project would have to be spread over multiple years.
 - High** = Would require an increase in revenue via an alternative source (i.e., bonds, grants, fee increases) to implement. Existing funding levels are not adequate to cover the costs of the proposed project.

Potential Funding (FEMA HMA):

- **BRIC** = Building Resilient Infrastructure and Communities
- **FMA** = Flood Mitigation Assistance Grant Program
- **HMGP** = Hazard Mitigation Grant Program
- **HSGP** = Homeland Security Grant Program
- **EMPG** = Emergency Management Performance Grant

Implementation Schedule:

- **Short Term** = 1 to 5 years
- **Long Term** = 5 years or greater
- **DOF** = Depending on Funding

Applies to New and/or Existing Structures:

- **N/A** = Not Applicable
