

Tatamy Borough, Northampton County Annex

Hazard Mitigation Plan Points-of-Contact

Primary:

Donald DeReamus
Emergency Management Coordinator
423 Broad Street, P.O. Box 218, Tatamy, PA 18085
610-972-2519
ddereamus@suburbanems.org

Alternate:

Mark A. Saginario
Borough Manager
423 Broad Street, P.O. Box 218, Tatamy, PA 18085
610-252-7123, Option #1
Borough.office@tatamypa.com

Municipal Profile

Tatamy Borough is located in the central part of Northampton County. It encompasses an area of approximately 0.5 square miles, and has a population of 1,203 (2010 Census). The Borough of Stockertown to the north; Forks Township to the east; and Palmer Township to the south, west, and north borders the borough.

The Bushkill Creek runs along the borough's eastern border.

Main Street is the borough's major east-west road, travelling through the middle of the borough. 8th Street runs north-south in the western part of the borough. There are several other secondary roads parallel to each of these.

Municipal Participation

1. Identify municipal stakeholders to be involved in the planning process such as, floodplain administrator, public works, emergency management, engineers, planners, etc., and include their specific role in the process.

Don DeReamus, Emergency Management Coordinator
Role:

Kim Albert, Fire Company President
Role:

Keith Snyder, Police Chief
Role:

Robert Hayes, Council President
Role:

John Soloe, Zoning Officer
Role:

Ryan McGinley, Public Works Supervisor
Role:

Shawn McDonald, Fire Company Chief
Role:

Municipal Participation – *continued*

- Identify community stakeholders such as; neighborhood groups, religious groups, major employers / businesses, etc., that will be informed and / or involved in the planning process and describe how they will be involved.

Will be informed of the Plan:

- | | |
|--------------------------------------|-----------------------------------|
| Equipto | Tatamy Food Mart & Service Center |
| Mondelez | Charles Chrin Co. |
| Northampton Farm Bureau | Signature Homes |
| Llantrisant Health & Wellness Center | Hope Lutheran Church |
| Grist Mill House | St. Peter’s UCC |

- Describe how the public **will be engaged** in the current planning process examples, newsletters, social media, etc., **and how they were engaged** since the 2013 Hazard Mitigation Plan.

Newsletter, flyers, website, Facebook, Twitter, Nixel.
These were used in 2013 as well.

Compliance with the National Flood Insurance Program (NFIP)

Topic	Identify source of information, if different from the one listed.	Additional Comments
1. Staff Resources		
Is the Community Floodplain Administrator (FPA) or NFIP Coordinator certified?	Community FPA	Yes
Is floodplain management an auxiliary function?	Community FPA	Yes
Provide an explanation of NFIP administration services (e.g., permit review, GGIS, education or outreach, inspections, engineering capability)	Community FPA	Permit review, Inspections
What are the barriers to running an effective NFIP program in the community, if any?	Community FPA	
2. Compliance History		
Is the community in good standing with the NFIP?	State NFIP Coordinator, FEMA NFIP Specialist, or community records	Yes
Are there any outstanding compliance issues (i.e., current violations)?		No
When was the most recent Community Assistance Visits (CAV) or Community Assistance Contact (CAC)?		
Is a CAV or CAC scheduled or needed?		

Compliance with the National Flood Insurance Program (NFIP) – *continued*

Topic	Identify source of information, if different from the one listed.	Additional Comments
3. Regulation		
When did the community enter the NFIP?	NFIP Community Status Book	April 12 th , 1974
Are the Flood Insurance Rate Maps (FIRMs) digital or paper? How are residents assisted with mapping?	Community FPA	Both, they can be assisted by our Zoning Officer John Soloe.
Do floodplain regulations meet or exceed FEMA or State minimum requirements? If so, in what ways?	Community FPA	Meet requirements
Describe the permitting process	Community FPA, State, FEMA NFIP	Per ordinance 262-2014
4. Insurance Summary		
How many NFIP policies are in the community? What is the total premium and coverage?	State NFIP Coordinator or FEMA NFIP Specialist	
How many claims have been paid in the community? What is the total amount of paid claims? How many substantial damage claims have there been?	FEMA NFIP or Insurance Specialist	
How many structures are exposed to flood risk within the community?	Community FPA or GIS Analyst	10
Describe any areas of flood risk with limited NFIP policy coverage	Community FPA or FEMA Insurance Specialist	
5. Community Rating System (CRS)		
Does the community participate in CRS?	Community FPA, State, or FEMA NFIP	No
If so, what is the community's CRS Class Ranking?	Flood Insurance Manual (http://www.fema.gov/floodinsurancemanual.gov)	N/A
What categories and activities provide CRS points and how can the Class be improved?		N/A
Does the plan include CRS planning requirements?	Community FPA, FEMA CRS Coordinator, or ISO representative	N/A

Community Assets

Community assets are defined to include anything that is important to the character as well as the function of a community, and can be described in four categories, they are; people, economy, natural environment and built environment. Please identify the community assets and location under each category.

1. People

- Concentrations of vulnerable populations such as the elderly, physically or mentally disabled, non-English speaking, and the medically or chemically dependent.

Listed in our Emergency Management Operations Plan and residential list used by police department and fire company.

Community Assets – continued

- Types of visiting populations where large numbers of people are concentrated such as visitors for special events and students.

Car Show
 Veg Stock
 Fireworks
 Borough events, sporting events, at Braden Park.

2. Economy

Major employers, primary economic sectors such as agriculture and commercial centers where losses would have a severe impact on the community.

Equipto	Gerhart
Mondelez	Martin Guitar
Tony's Pizza	

3. Natural Environment

Those areas / features that can provide protective functions that reduce the magnitude of hazard events such as, wetlands or riparian areas, and other environmental features important to protect.

Along Bushkill Creek, east and west sides

4. Built Environment

- Existing structures such as, concentrations of buildings that may be more vulnerable to hazards based on location, age, construction type and / or condition of use.

Equipto	1 location on Broad Street
2 locations on Main Street	Half of homes were built before or around 1900
8 locations on Bushkill Street	

- Infrastructure systems such as water and wastewater facilities, power utilities, transportation systems, communication systems, energy pipelines and storage.

Bushkill Creek	SR 1001 & 2017
UGI	Route 33
PPL	Met-Ed Transmission Lines
Met-Ed	

Community Assets – continued

- High potential loss facilities such as, dams, locations that house hazardous materials, military and / or civilian defense installations.
 - 1 location on Main Street
 - 1 location on Bushkill Street

- Critical facilities such as, hospitals, medical facilities, police and fires stations, emergency operations centers, shelters, schools and airports / heliports.
 - 1 location on Broad Street
 - 1 location on Bushkill Street
 - 1 location on S. 8th Street

- Cultural / historical resources such as, museums, parks, stadiums, etc.
 - 1 location on Broad Street
 - Braden Park
 - Broad Street Park
 - High Street Park
 - Mark Metz Park
 - Tatamy Bike Path

Capability Assessment

Known or Anticipated Future Development / Redevelopment

Development / Property Name	Type of Development	Number of Structures	Location	Known Hazard Zone	Description / Status
Charles Chrin Company	Light Industrial, Business, Commercial	Not determined	All properties West of 8 th Street		To be developed over the next 10 years
Tatamy Farms	Residential	80	North of Main Street, East of Trisha Street		Final Phase

Natural & Non-Natural Event History Specific to Tatamy Borough

Type of Event and Date(s)	FEMA Disaster # (if applicable)	Local Damage(s) or Loss(es)
Snow Storm Jonas, 1/22/2016	DR-4267-PA	Reimbursement for labor and equipment from PEMA
Pennsylvania COVID-19 Pandemic – 1/2020	DR-4506-PA	Emergency Protective measures to combat COVID-19 Pandemic.
Tropical Storm Isaias – 8/2020		Flooding to residents, businesses, and municipal parks
Remnants of Hurricane Ida	DR-4618-PA	Assistance to eligible individuals and families affected by this disaster.

2013 Municipal Action Plan Status

Existing Mitigation Action (from 2013 Hazard Mitigation Plan)		Status					Additional Comments
		No Progress / Unknown	In Progress	Continuous	Completed	Discontinued	
1	Complete land swap with Equipto. This will allow the Borough to establish this property in the flood zone as residential use (bike path, part of rails to trails)				X		Land swap complete. Work to begin on bike path in 2018. Action not carried through to the 2018 Action Plan.
2	Possible relocation of Fire Dept., Police Dept., & Municipal Building. Fire Company is located in the flood zone.	X					
3	Continue to support PennDOT projects to Install four (4) new storm water drains at Main Street Bridge/Bushkill Creek and replace the bridge to alleviate flooding in this area.				X		Action not carried through to the 2018 Action Plan.
4	Install silk matting along banks of Bushkill creek at Braden Park			X			
5	Signature Homes new plan give the Borough 6+ acres for recreation/bike path		X				Working with County on bike path location.
6	Enhance Geo-tech investigation for new developments			X			
7	Draft/send letters to 10 property owners in flood zone			X			
8	Retrofit structures located in hazard-prone areas to protect structures from future damage, with repetitive loss and severe repetitive loss properties as priority. Phase 1: Identify appropriate candidates for retrofitting based on cost-effectiveness versus relocation. Phase 2: Where retrofitting is determined to be a viable option, work with property owners toward implementation of that action based on available funding from FEMA and local match availability.	X					
9	Purchase, or relocate structures located in hazard-prone areas to protect structures from future damage, with repetitive loss and severe repetitive loss properties as priority. Phase 1: Identify appropriate candidates for relocation based on cost-effectiveness versus retrofitting. Phase 2: Where relocation is determined to be a viable option, work with property owners toward implementation of that action based on available funding from FEMA and local match availability.	X					

2013 Municipal Action Plan Status – continued

	Existing Mitigation Action (from 2013 Hazard Mitigation Plan)	Status					Additional Comments
		No Progress / Unknown	In Progress	Continuous	Completed	Discontinued	
10	Maintain compliance with and good-standing in the NFIP including adoption and enforcement of floodplain management requirements (e.g. regulating all new and substantially improved construction in Special Hazard Flood Areas), floodplain identification and mapping, and flood insurance outreach to the community. Further, continue to meet and/or exceed the minimum NFIP standards and criteria through the following NFIP-related continued compliance actions identified below.				X		Action carried through to the 2018 Action Plan.
11	Conduct and facilitate community and public education and outreach for residents and businesses to include, but not be limited to, the following to promote and effect natural hazard risk reduction: - Provide and maintain links to the HMP website, and regularly post notices on the County/municipal homepage(s) referencing the HMP webpages. - Prepare and distribute informational letters to flood vulnerable property owners and neighborhood associations, explaining the availability of mitigation grant funding to mitigate their properties, and instructing them on how they can learn more and implement mitigation. - Use email notification systems and newsletters to better educate the public on flood insurance, the availability of mitigation grant funding, and personal natural hazard risk reduction measures. - Work with neighborhood associations, civic and business groups to disseminate information on flood insurance and the availability of mitigation grant funding.				X		Action carried through to the 2018 Action Plan.
12	Begin the process to adopt higher regulatory standards to manage flood risk (i.e. increased freeboard, cumulative substantial damage/improvements).	X					
13	Determine if a Community Assistance Visit (CAV) or Community Assistance Contact (CAC) is needed, and schedule if needed.	X					
14	Have designated NFIP Floodplain Administrator (FPA) become a Certified Floodplain Manager through the ASFPM, and pursue relevant continuing education training such as FEMA Benefit-Cost Analysis.	X					
15	Archive elevation certificates			X			
16	Continue to support the implementation, monitoring, maintenance, and updating of this Plan, as defined in Section 7.0			X			

2013 Municipal Action Plan Status – continued

	Existing Mitigation Action (from 2013 Hazard Mitigation Plan)	Status					Additional Comments
		No Progress / Unknown	In Progress	Continuous	Completed	Discontinued	
17	Complete the ongoing updates of the Comprehensive Emergency Management Plans			X			
18	Create/enhance/ maintain mutual aid agreements with neighboring communities for continuity of operations.			X			
19	Identify and develop agreements with entities that can provide support with FEMA/PEMA paperwork after disasters; qualified damage assessment personnel – Improve post-disaster capabilities – damage assessment; FEMA/PEMA paperwork compilation, submissions, record- keeping			X			
20	Work with regional agencies (i.e. County and PEMA) to help develop damage assessment capabilities at the local level through such things as training programs, certification of qualified individuals (e.g. code officials, floodplain managers, engineers).			X			

Notes:

1. Actions not carried through to the 2018 Action Plan are so noted.
2. To maintain National Flood Insurance Program (NFIP) compliance, actions related to the NFIP were carried through to the 2018 Action Plan even if identified by the municipality as completed.

28	Purchase and installation of permanent, alternative power source (IE: generator) at the municipal building. Municipal building houses the borough police department, municipal offices, and serves as the borough's Emergency Operations Center (EOC) during times of need.	Structure & Infrastructure	All Hazard	High	Medium – High	FEMA Mitigation Grant Programs, Municipal Budget	Municipality with support from Local EM	Short Term	Existing Structures

Notes:**Estimated Costs:**

- Where actual project costs have been reasonable estimated: Low = < \$10,000; Medium = \$10,000 to \$100,000; High = > \$100,000;
- Where actual project costs cannot reasonably be established at this time:

Low = Possible to fund under existing budget. Project is part of, or can be part of an existing on-going program.

Medium = Could budget for under existing work plan, but would require a reapportionment of the budget or a budget amendment, or the cost of the project would have to be spread over multiple years.

High = Would require an increase in revenue via an alternative source (i.e., bonds, grants, fee increases) to implement. Existing funding levels are not adequate to cover the costs of the proposed project.

Potential Funding (FEMA HMA):

- **BRIC** = Building Resilient Infrastructure and Communities
- **FMA** = Flood Mitigation Assistance Grant Program
- **HMGP** = Hazard Mitigation Grant Program
- **HSGP** = Homeland Security Grant Program
- **EMPG** = Emergency Management Performance Grant

Implementation Schedule:

- **Short Term** = 1 to 5 years
- **Long Term** = 5 years or greater
- **DOF** = Depending on Funding

Applies to New and/or Existing Structures:

- **N/A** = Not Applicable
