Alternate:

Paul Kokolus
Secretary / Treasurer
134 South Main Street, Nazareth, PA 18064
610-759-0202
pakofnazpa@gmail.com

Municipal Profile

Nazareth Borough is located in the central part of Northampton County. It encompasses an area of approximately 1.7 square miles, and has a population of 6,053 (2020 Census). The borough is bordered by Lower Nazareth Township to the south, and is otherwise surrounded by Upper Nazareth Township.

The Schoeneck Creek runs through the northeast part of the borough. Schoeneck Creek exits the borough on its western edge, carrying through Upper Nazareth Township until it dumps into the Bushkill Creek. Besides the Schoeneck Creek the borough also has a few bodies of standing water in mine pits.

PA Route 248 (Bath Pike / Easton Road) travels east-west along the boroughs southern border. Other east-west routes include Mauch Chunk Street, Belvidere Street, and Walnut Street in the central part of the borough; and High Street in the northern part of the borough. Broad Street and PA Route 191 (New Street) are the major north-south roadways.

Municipal Participation

1. Identify municipal stakeholders to be involved in the planning process such as, floodplain administrator, public works, emergency management, engineers, planners, etc., and include their specific role in the process.

Keith Knect, Public Works Superintendent Role: street closures, responses to spills, park & pool matters	Randall Miller, Police Commissioner Role: Emergency police response
Albert Kortze, Borough Engineer Role: Floodplain Administrator	Barbara Fischl, Senior Planner Role: Ranking & presiding head of planning commission
Gerald Johnson, Fire Chief Role: Emergency Fire Response	Robert Norder, Nazareth Regional EMS Director Role: Emergency medical services & transports
Michael White, Emergency Management Coordinator Role: EMA	

2. Identify community stakeholders such as; neighborhood groups, religious groups, major employers / businesses, etc., that will be informed and / or involved in the planning process and describe how they will be involved.

Moravian Hall Square, Borough's largest employer
 Alexandria Manor, senior living
 Oliver Border House, senior living

3. Describe how the public **will be engaged** in the current planning process (examples, newsletters, social media, etc.), **and how they were engaged** since the 2018 Hazard Mitigation Plan.

Current: Newsletter will update residents, Borough website will publish updates, and police Facebook page will inform those who use social media.

Past: Same

Compliance with the National Flood Insurance Program (NFIP)

Topic	Identify source of information if different from the one listed.	Additional Comments
1. Staff Resources		
Is the Community Floodplain Administrator (FPA) or NFIP Coordinator certified?	Community FPA	No
Is floodplain management an auxiliary function?	Community FPA	Yes
Provide an explanation of NFIP administration services (e.g., permit review, GGIS, education or outreach, inspections, engineering capability)	Community FPA	Technical guidance, plan & permit review, site visits (if requested), assistance with map information.
What are the barriers to running an effective NFIP program in the community, if any?	Community FPA	None
2. Compliance History		
Is the community in good standing with the NFIP?	State NFIP Coordinator, FEMA NFIP Specialist, or community records	Yes
Are there any outstanding compliance issues (i.e., current violations)?		No outstanding issues or violations.
When was the most recent Community Assistance Visits (CAV) or Community Assistance Contact (CAC)?		Not known.
Is a CAV or CAC scheduled or needed?		Not scheduled at this time.
3. Regulation		
When did the community enter the NFIP?	NFIP Community Status Book	1/9/1974
Are the Flood Insurance Rate Maps (FIRMs) digital or paper? How are residents assisted with mapping?	Community FPA	Paper, they would be assisted by the floodplain administrator.
Do floodplain regulations meet or exceed FEMA or State minimum requirements? If so, in what ways?	Community FPA	Meet the current FEMA requirements per the Borough's 2014 Floodplain ordinance.
Describe the permitting process	Community FPA, State, FEMA NFIP	Per Part 2 of the floodplain ordinance.
4. Insurance Summary		
How many NFIP policies are in the community? What is the total premium and coverage?	State NFIP Coordinator or FEMA NFIP Specialist	As of 9/22/2023 – 6 policies & \$9,021 in premiums
How many claims have been paid in the community? What is the total amount of paid claims? How many substantial damage claims have there been?	FEMA NFIP or Insurance Specialist	As of 9/22/2023 – 6 claims & \$30,146.10 paid to claims
How many structures are exposed to flood risk within the community?	Community FPA or GIS Analyst	Approximately 10-12
Describe any areas of flood risk with limited NFIP policy coverage	Community FPA or FEMA Insurance Specialist	Not applicable

Compliance with the National Flood Insurance Program (NFIP) – *continued*

5. Community Rating System (CRS)		
Does the community participate in CRS?	Community FPA, State, or FEMA NFIP	No
If so, what is the community's CRS Class Ranking?	Flood Insurance Manual (http://www.fema.gov/floodinsurancemanual.gov)	N/A
What categories and activities provide CRS points and how can the Class be improved?		N/A
Does the plan include CRS planning requirements?	Community FPA, FEMA CRS Coordinator, or ISO representative	N/A

Community Assets

Community assets are defined to include anything that is important to the character as well as the function of a community, and can be described in four categories, they are; people, economy, natural environment and built environment. Please identify the community assets and location under each category.

1. People

- ✦ Concentrations of vulnerable populations such as the elderly, physically or mentally disabled, non-English speaking, and the medically or chemically dependent.

Four (4) senior living facilities;

Moravian Hall Square

Oliver Border House

Alexandria Manor

Silk Mill Senior Apartments

- ✦ Types of visiting populations where large numbers of people are concentrated such as visitors for special events and students.

Great Nazareth Carnival

Christmas in Nazareth, 2nd Saturday of December

Nazareth Day, 3rd Saturday of July

Halloween Parade, 3rd Saturday of October

Martin on Main, 1st Saturday or August

2. Economy

- ✦ Major employers, primary economic sectors such as agriculture and commercial centers where losses would have a severe impact on the community.

Downtown

Moravian Hall Square

Broad Street Corridor

3. Natural Environment

- ✦ Those areas / features that can provide protective functions that reduce the magnitude of hazard events such as, wetlands or riparian areas, and other environmental features important to protect.

None

Community Assets – *continued*

4. Built Environment

- ✦ Existing structures such as, concentrations of buildings that may be more vulnerable to hazards based on location, age, construction type and / or condition of use.

Aged buildings in the downtown along Main Street, Center Street, Belvidere Street and Route 191.

- ✦ Infrastructure systems such as water and wastewater facilities, power utilities, transportation systems, communication systems, energy pipelines and storage.

Verizon building

Nazareth Borough Public Works Garage

- ✦ High potential loss facilities such as, dams, locations that house hazardous materials, military and / or civilian defense installations.

None

- ✦ Critical facilities such as, hospitals, medical facilities, police and fires stations, emergency operations centers, shelters, schools and airports / heliports.

Nazareth Regional EMS	Floyd Shafer Elementary School
Moravian Hall Square Medical Facility	Holy Family School
Police Station and Municipal Offices	Vigilance Hose Fire Company

- ✦ Cultural / historical resources such as, museums, parks, stadiums, etc.

Whitfield House Museum	Memorial Library of Nazareth and vicinity
Gray Cottage Moravian Settlement	Nazareth Center for the Arts
Hall Square Military Academy	Nazareth Borough Park

Capability Assessment

Capability	<ul style="list-style-type: none"> ✓ Regulatory ✓ Tools ✓ Programs 	Status			Department / Agency Responsible	Effect on Hazard Loss Reduction: -Supports -Neutral -Hinders	Change since 2024 Plan? + Positive - Negative	Has the 2024 Plan been integrated into the Regulatory Tool/Program ? If so, how?	How can these capabilities be expanded and improved to reduce risk?	Additional Comments
		In Place	Date Adopted or Updated	Under Development

4. Education & Outreach	Firewise Communities Certification		X		No		
	StormReady Certification		X		No		
	Natural disaster or safety-related school programs		X		No		
	Ongoing public education or information programs such as, responsible water use, fire safety, household preparedness, and environmental education.	X			No		We use a newsletter to discuss these topics with residents.
	Public-private partnership initiatives addressing disaster related issues.		X		No		We typically do not have natural disasters. This is not a known need area.
	Local citizen groups or non-profit organizations focused on environmental protection, emergency preparedness, access and functional needs populations, etc.						
	Other						

Capability		Degree of Capability			Change since the 2018 Hazard Mitigation Plan? If so, how?	Additional Comments
		Limited	Moderate	High		
5. Self – Assessment	Planning and Regulatory	X			None	
	Administrative and Technical		X		Better equipped	New Emergency Management Agency Director in 2025.
	Financial			X	Very stable	Two (2) tax increases have helped
	Education and Outreach	X			None	No change

Known or Anticipated Future Development / Redevelopment

Development / Property Name	Type of Development	Number of Structures	Location	Known Hazard Zone	Description / Status
Black Rock	Nature trails	N/A	Adjacent to borough park	N/A	

Natural & Non-Natural Event History

Type of Event and Date(s)	FEMA Disaster # (if applicable)	Local Damage(s) or Loss(es)
Pennsylvania COVID-19 Pandemic – 1/2020	DR-4506-PA	Emergency Protective measures to combat COVID-19 Pandemic.
Remnants of Hurricane Ida	DR-4618-PA	Assistance to eligible individuals and families affected by this disaster.

2018 Municipal Action Plan Status

Existing Mitigation Action (from 2018 Hazard Mitigation Plan)		Status					Additional Comments
		No Progress / Unknown	In Progress	Continuous	Completed	Discontinued	
1	Retrofit structures located in hazard prone areas to protect structures from future damage, with repetitive loss and severe repetitive loss properties as priority. Phase 1: Identify appropriate candidates for retrofitting based on cost effectiveness versus relocation. Phase 2: Where retrofitting is determined to be a viable option, work with property owners toward implementation of that action based on available funding from FEMA and local match availability.					X	Action carried through to 2018 Action Plan.
2	Purchase, or relocate structures located in hazard- prone areas to protect structures from future damage, with repetitive loss and severe repetitive loss properties as priority. Phase 1: Identify appropriate candidates for relocation based on cost-effectiveness versus retrofitting. Phase 2: Where relocation is determined to be a viable option, work with property owners toward implementation of that action based on available funding from FEMA and local match availability.	X					Action carried through to 2018 Action Plan.
3	Maintain compliance with and good standing in the NFIP including adoption and enforcement of floodplain management requirements (e.g. regulating all new and substantially improved construction in Special Hazard Flood Areas), floodplain identification and mapping, and flood insurance outreach to the community. Further, continue to meet and/or exceed the minimum NFIP standards and criteria through the following NFIP- related continued compliance actions identified as Initiatives below.	X			X		Action carried through to 2018 Action Plan.

2018 Municipal Action Plan Status – continued

Existing Mitigation Action (from 2018 Hazard Mitigation Plan)		Status					Additional Comments
		No Progress / Unknown	In Progress	Continuous	Completed	Discontinued	
4	Conduct and facilitate community and public education for residents and businesses to include, but not be limited to, the following to promote and effect hazard risk reduction: - Provide and maintain links to the HMP website, and regularly post notices on the County/municipal homepage(s) referencing the HMP webpages. - Prepare and distribute informational letters to flood vulnerable property owners and neighborhood associations, explaining the availability of mitigation grant funding to mitigate their properties, and instructing them on how they can learn more and implement mitigation. - Use email notification systems and newsletters to better educate the public on flood insurance, the availability of mitigation grant funding, and personal natural hazard risk reduction measures. - Work with neighborhood associations, civic and business groups to disseminate information on flood insurance and the availability of mitigation grant funding.	X					Action carried through to 2018 Action Plan.
5	Begin and/or continue the process to adopt higher regulatory standards to manage flood risk (i.e. increased freeboard, cumulative substantial damage/improvements) and sinkhole risk (e.g. carbonate bedrock standards).			X			
6	Have designated NFIP Floodplain Administrator (FPA) become a Certified Floodplain Manager through the ASFPM and/or pursue relevant continuing education training such as FEMA Benefit Cost Analysis.			X			Action carried through to 2018 Action Plan.
7	Participate in the Community Rating System (CRS) to further manage flood risk and reduce flood insurance premiums for NFIP policyholders. This shall start with the submission to FEMA-DHS of a Letter of Intent to join CRS, followed by the completion and submission of an application to the program once the community's current compliance with the NFIP is established.			X			Action carried through to 2018 Action Plan.
8	Obtain and archive elevation certificates for NFIP compliance.			X			
9	Continue to support the implementation, monitoring, maintenance, and updating of this Plan, as defined in Section 7.0.			X			
10	Complete the ongoing updates of the Comprehensive Emergency Management Plans.			X			
11	Create/enhance/maintain mutual aid agreements with neighboring communities for continuity of operations.			X			
12	Develop and maintain capabilities to process FEMA/PEMA paperwork after disasters; qualified damage assessment personnel – Improve post-disaster capabilities – damage assessment; FEMA/PEMA paperwork compilation, submissions, record keeping.			X			

2018 Municipal Action Plan Status – continued

Existing Mitigation Action (from 2018 Hazard Mitigation Plan)		Status					Additional Comments
		No Progress / Unknown	In Progress	Continuous	Completed	Discontinued	
13	Work with regional agencies (i.e. County and PEMA) to help develop damage assessment capabilities at the local level through such things as training programs, certification of qualified individuals (e.g. code officials, floodplain managers, engineers).			X			
14	Purchase at least two more generators for the borough. This will allow us to power the borough building and firehouse during emergencies.			X			
15	Determine if a Community Assistance Visit (CAV) or Community Assistance Contact (CAC) is needed, and schedule if needed.			X			

Notes:

1. Actions not carried through to the 2023 Action Plan are so noted.
2. To maintain National Flood Insurance Program (NFIP) compliance, actions related to the NFIP were carried through to the 2023 Action Plan even if identified by the municipality as completed.

2024 Mitigation Action Plan

Mitigation Action		Mitigation Action Category	Mitigation Technique Category	Hazard(s) Addressed	Priority (H / M / L)	Estimated Cost	Potential Funding	Lead Agency / Department	Implementation Schedule	Applies to New and / or Existing Structures
1	Retrofit structures located in hazard-prone areas to protect structures from future damage, with repetitive loss and severe repetitive loss properties as priority. Phase 1: Identify appropriate candidates for retrofitting based on cost-effectiveness versus relocation. Phase 2: Where retrofitting is determined to be a viable option, work with property owners toward implementation of that action based on available funding from FEMA and local match availability.	1	Structure & Infrastructure	Flood	High	High	FEMA Mitigation Grant Programs and local budget (or property owner) for cost share	Municipality (via Municipal Engineer/NFIP Floodplain Administrator) w/ support from PEMA, FEMA	Long-term (depending on funding)	Existing

Notes:**Estimated Costs:**

- Where actual project costs have been reasonable estimated: Low = < \$10,000; Medium = \$10,000 to \$100,000; High = > \$100,000; -
Where actual project costs cannot reasonably be established at this time:
 - Low** = Possible to fund under existing budget. Project is part of, or can be part of an existing on-going program.
 - Medium** = Could budget for under existing work plan, but would require a reapportionment of the budget or a budget amendment, or the cost of the project would have to be spread over multiple years.
 - High** = Would require an increase in revenue via an alternative source (i.e., bonds, grants, fee increases) to implement. Existing funding levels are not adequate to cover the costs of the proposed project.

Potential Funding (FEMA HMA):

- **FMA** = Flood Mitigation Assistance Grant Program
- **HMGP** = Hazard Mitigation Grant Program
- **HSGP** = Homeland Security Grant Program
- **EMPG** = Emergency Management Performance Grant

Implementation Schedule:

- **Short Term** = 1 to 5 years
- **Long Term** = 5 years or greater
- **DOF** = Depending on Funding

Applies to New and/or Existing Structures:

- **N/A** = Not Applicable
